IMPACT GAP2021

IMPACT Mission Training is running a GAP2021 year for young adults. It is a skills development, Christian based program and teaches the students a huge variety of skills to take into the Corporate or Christian Mission field. They will end the year with around 15 certificates and a clear decision for their futures.

We have a program called the IMPACT ABC, which is an Anti-Bullying Campaign. We take this program to schools and help them implement a system which aids the school to have a **0-TOLERANCE** for bullying. All our students are actively involved in this campaign and we are taking it around South Africa.

The students are also taught a Farming God's Way course which equips them to take these techniques to many villages, orphanages, schools and settlements, assisting them to be self-sufficient.

Many of the students who are willing to attend this year program cannot afford the fees. The fees are R50 000 for the year, which includes their accommodation, food, courses and many other items. If you are in a position to donate or sponsor a student, any amount, it would be greatly appreciated. Please see our banking details below:
